PUTITA CHALEEPROM

SOFTWARE DEVELOPER INTERN

ABOUT ME

I am a third-year Computer Engineering student with a strong interest in Software Development. I am committed to creating websites that are visually appealing, user-friendly, and meaningful for users. My goal is to continuously develop my skills in both design and development, and to create digital experiences that deliver real value and impact.

PROJECTS

Full-Stack Blog Management System

(HTML, CSS, JavaScript, Node.js)

- Developed a full-stack blog website with article posting, display, and an admin panel for efficient content management.

Smart Product Price Monitoring Platform

(React, Next.js, Supabase, Tailwind CSS, Shadcn UI, Web Scraping)

- Developed a full-stack price tracking web application that allows users to monitor product price changes through a clean and responsive interface.

Personal Portfolio Web Application

(Next.js, Tailwind CSS)

- Built a modern, responsive personal portfolio website to showcase web design and development projects effectively.

Responsive E-Commerce Website Design

(HTML, CSS, JavaScript)

- Designed and developed a responsive e-commerce website with an emphasis on usability, layout structure, and user interaction.

Figma UI Design Practice

- Designed mobile UI layouts and interactive prototypes in Figma, focusing on visual consistency, spacing, and component design.

CERTIFICATIONS

- **Responsive Web Design Developer**
- **Front End Development Libraries Certification**
From freeCodeCamp
